Frontend: Vue.js, Nuxt.js

Database: PostgreSQL, MySQL, SQL Server, MongoDB, Redis

Tools & Integration: Tesseract OCR, SAP Integration, Docker, Git

EDUCATION

Universitas Terbuka - Information Systems | 2024 – Present

WORK EXPERIENCE

PT Lamjaya Global Solusi - Fullstack Programmer | 2022 – Present

Developed and maintained enterprise web applications for multiple clients, delivering scalable and efficient systems.

- ▶ **Procurement System** - Indo Raya Tenaga (2025 – Present)
 - Contract Management: End-to-end contract creation, review, and multi-level approval.
 - Contract Drafting: Online contract drafting and editing directly within the web application.
 - Purchase Order: Structured PO creation & approval integrated with contract & vendor data.
 - Vendor Invitation: Vendor onboarding invitation with a defined approval flow.
 - Vendor Update: Vendor data update requests with review and approval mechanism.
 - Role Management: User access control based on roles across all modules.
- ▶ **Tax Projection** - PT Dharma Satya Nusantara TBK (2025)
 - Multi-Company Monitoring: PPN monitoring across 23 subsidiaries in one platform.
 - OCR Extraction (SPT Induk): Auto-extract key PPN data from SPT Induk PDFs into structured database.
 - PPN Projection: Monthly projection combining SAP data with previous month's actuals.
 - Restitution Monitoring: Tracks restitution status per entity (amount filed & received).
 - Overdue Dashboard: Alerts for restitution cases exceeding 3-month threshold.
 - Role Management: Role-based access control (Admin, Tax Officer, Reviewer, etc.).
- ▶ **Compliance Management System** - PT Patra Jasa (2024 – 2025)
 - Compliance Forms (Gratification, COI, COC, LHKPN): End-to-end creation, review & approval, integrated with employee KPI calculations.
 - Agreement Management: Digitalized creation, review & approval of various agreement types.
 - Legal Document Request: Document request flow with review & approval by Legal team.
 - Dynamic SLA & PIC Setting: Configurable SLA, PIC, and approval flow per module.
- ▶ **Tax Filing System** - PT Dharma Satya Nusantara TBK (2024)
 - Multi-Company Document Upload: Upload tax files from various business units in one platform.
 - OCR Extraction (Tesseract): Auto-extract key data from PDF/image tax documents into PostgreSQL.
 - Excel Import: Upload Excel reference data for reconciliation against OCR results.
 - Data Reconciliation: Auto-matching between OCR data and Excel data to ensure reporting accuracy.
 - Reporting: Tax reports with filters by period, entity, and reconciliation status.
 - Role Management: Role-based access control (Admin, Reviewer, Tax Officer, etc.).
- ▶ **Tax BC System** - PT Dharma Satya Nusantara TBK (2023)

- Multi-Company Document Upload: Upload tax documents from multiple subsidiaries in one integrated system.
 - OCR Extraction (Tesseract): Auto-extract text from PDF/image documents into a structured database.
 - SAP Integration: Sync extracted tax data to SAP for compliance and operational efficiency.
 - Reporting: Tax reports filtered by period, document type, and company entity.
 - Export to Excel: Export extracted data to Excel for audit and manual reporting needs.
- ▶ **Compliance Group Management** - PT Asuransi Tugu Pratama Indonesia (2023)
 - Automated OJK Reporting: Replaced manual spreadsheet-based reporting with automated compliance reports.
 - Real-time Dashboard: Role-based access control with live compliance status monitoring.
 - Impact: Reporting efficiency up 80%, admin errors down 65% — achieved within 3 months.
 - ▶ **Contract Management** - PT Merdeka Copper Gold (2022)
 - Contract Creation & Management: Complete contract input with document upload and metadata.
 - Contract Review & Approval: Multi-level approval flow with revision history and notifications.
 - Vendor Invitation: Create and manage vendor/cooperation invitations with review & approval process.
 - Dynamic Report: Contract and activity reports filtered by date, status, and PIC.
 - Role-Based Access: Access control for Admin, Legal, Manager, and Vendor roles.

OTHER EXPERIENCE

Azuri Dental - Freelance Fullstack Programmer | 2022 – Present

- Developed a company profile website for Azuri Dental, a distributor of medical and dental equipment.
- Enabled potential clients to easily access product information and company details online.

Korpolairud Baharkam Polri - Intern Programmer | 2022

- Developed a web-based file management system using CodeIgniter 3.
- Enabled users to securely upload, manage, and download organizational files.
